

DEKO FV

Folding Partition: A Flexible Room Divider

- Modules available top hung or with a floor track
- Individual surface finishes available
- Surfaces easy to clean
- Partition size to meet individual demands
- Easy to operate
- Built-in door module

DEKO FV provides the perfect solution when a flexible working space is paramount.

A sound reduction is available up to 52 dB, which makes DEKO FV particularly suitable for meeting and conference rooms as well as schools and public buildings.

Size and number of modules are calculated according to individual requirements.
